

Wastewater Collection System Operator

Job description

Under the supervision of the Field Services Director, performs a variety of tasks involving the general operation and maintenance of the District's sewer collection system and related facilities and equipment.

Duties may include, but are not limited to:

- Operating and troubleshooting problems using a TV Truck, related camera, and equipment to inspect wastewater lines.
- Operating a combination unit jet truck.
- Inspecting, maintaining, and conducting routine tests on the interiors of wastewater lines and pump stations.
- Removing and inspecting manhole covers and manholes.
- Reading maps, and construction drawings and following instructions in establishing routes and work schedules.
- Maintaining records and logs; completing reports as necessary and working with the Engineering Department to ensure accuracy.
- Performing other duties as assigned by the Director of Field Services and/or the General Manager.

Benefits:

- Health/Dental/Vision Insurance – Premiums paid 100% for Employee, may partially pay for dependents. (If insured outside of the District you may qualify for a benefit in lieu of insurance premium payments.)
- Life Insurance (\$50K)
- Health Savings Account (Annual District Contribution - \$1,000 Single/\$2,000 Family)
- Health Incentive Program
- Tuition Reimbursement Program
- Paid Holidays - Twelve (12) days annually
- Personal Time - Eighty (80) hours annually
- Vacation - Eighty (80) hours (Accrued annually)
- Retirement Plan (URS)
- 401(K)
- Certification Advancement (May include pay increase or Bonus)

Requirements include:

- A pre-screen drug test and driver's license check are required
- High school diploma or GED.
- Ability to work cooperatively with supervisors, peers, contractors, and members of the general public under varying circumstances.
- Available to be on call. Availability to work overtime if required, to respond to emergencies and diverse operational demands.
- A valid Utah driver's license. Within 30 days of hire must obtain a temporary CDL license. Within 90 days a permanent Class B CDL license with a current medical card and tanker and air brakes endorsements.
- Must obtain a Wastewater Collection Systems Grade I Certification within twenty-four months of hire.

Please submit a completed application at <https://svsewer.com/application>. Or physically through South Valley Sewer District, Attn: General Manager, 1253 W Jordan Basin Lane, Bluffdale, UT 84065.
